Approval 2016.pdf

Attached please find a copy of the memo which was sent office wide in January reminding you of the requirement to seek pre-approval and ongoing annual approval for outside employment. The memo also includes the request forms for attorney and non-attorney staff.

Please remember that the requirement is an annual one. Therefore, every year after you receive approval for specific employment, you must resubmit your request if you intend to continue that employment.

While our Human Resources Division has previously attempted to remind you on an individual basis when your authorization is set to expire, and will attempt to do so in the future, the ultimate responsibility is yours so please put a system in place to assure you maintain a current authorization.

If you have any questions, please contact David Trujillo by email at david.trujillo@lacity.org or you can call him at 213/978-7133.

Re: Request to Renew Outside Employment - Photography

Date: July 26, 2016

Pursuant to Leela Kapur's January 27, 2016 memorandum, I am submitting my request to renew my outside employment for photography.

My outside employment as a photographer has not, and will not be incompatible with my official duties or responsibilities and will not diminish my work performance. In fact, my creative work as a photographer is relaxing, reduces my stress level, and makes me a healthier, happier person, and a better employee.

Factors for consideration

- a) Photography would not create the appearance of or involve the use of my time, supplies or equipment involved in my employment as an attorney.
- b) Photography would not involve payment or consideration for services that I would be expected to render in the course of my employment as an attorney.
- c) My employment as a prosecutor in Los Angeles would not place me in any position to make or participate in making a potential government decision that could foreseeably have a material financial effect on my source of income (photography).
- d) The payment for any services I render in outside employment would not be the subject of inspection, control or review by the LA City Attorney's Office. In fact, all of my outside employment compensation has involved photography outside the City of Los Angeles.
- e) My outside employment would only involve a few hours of paid work a month and as such would not involve such time and demands that would render my job performance less efficient. I have a very long history of managing my time efficiently during my 25 years in the office, starting with attending night law school while working full time in the criminal branch.

I am attaching the completed form as required. Thank you for your consideration.

RE:

Outside Employment Authorization - Ignatius Foundation

DATE:

12/05/15

This memo is in support of my request for an extension of the Outside Employment Authorization previously granted for me to serve as a probate attorney for the George Ignatius Charitable Foundation. The City Attorney's Office has approved this employment since 2009.

The Ignatius Foundation makes charitable donations throughout the year to educational, scientific, and artistic organizations in the Armenian community both domestically and abroad. Each year, the Trustees must file an Annual Report with the Superior Court. In addition to drafting and filing the Annual Report, I also advise the Trustees from time to time on issues and communicate monthly with the Foundation's accountant.

I play no role in determining which beneficiary receives funding, or how much a designated beneficiary receives. Since its inception in 1977, the Foundation has had no issues involving any municipality, nor been involved in any litigation. Payment for my services is based on an hourly rate approved by the Superior Court. There are no apparent conflicts of interest, and the work has always been done without compromising my performance as a Deputy City Attorney.

Sincerely,

Benjamin W. Karabian

Outside Employer:

Climate Cents, a Community Partners project, www.communitypartners.org 1000 N. Alameda Blvd., #240, Los Angeles, CA 90012 – (213) 346-3261 contact: David Levitus, Executive Director (917) 428-1677

Description of Outside Employment:

While my title is President and co- founder of this non-profit organization, Climate Cents is managed and run by the Executive Director, David Levitus. The organization is a crowd-funding platform (www.climatecents.org) for the general public to support local environmental projects that reduce carbon in the atmosphere. My job is to help strategize the development of the platform, the outreach and marketing, and the grant-writing / fundraising for the organization. I hold presentations and discussions about the organization at various events and meetings.

Description of City duties:

I work as a Deputy City Attorney at the Criminal Branch in the Environmental Justice Unit. My duties involve prosecuting businesses and individuals who have either discharged pollution or are operating a business that is not adhering to environmental laws designed to protect the public health and environment. I litigate cases in the Criminal and Civil courts, and I work with many City, State and Federal agencies, as well as City political offices.

Analysis of the California Rules of Professional Responsibility:

Rule 3-100: Confidential Information of a Client – I have no occasion or reason to reveal or discuss any confidential information from any of my cases to anyone. If I refer to any cases I have handled in my capacity as a City Attorney, it will only involve information that that is publicly available.

Rule 3-110: Failure to Act Competently – I will make sure that none of my time on Climate Cents will interfere or diminish my work at the City Attorney's office. The time commitment for this position minimal.

Rule 3-300: Avoiding Interests Adverse to Client – I am not entering into a business transaction with a client, or acquiring any ownership or other pecuniary interest, and therefore this rule is inapplicable.

These appear to be the rules that would most apply to this outside employment, but if Human Resources has inquiries re: other rules I am happy to provide answers.

I will not reveal or discuss any confidential information from any of my cases with the students or anyone else. If I refer to any cases I have handled in my capacity as a City Attorney, it will only involve information that that is publicly available.

Rule 3-110: Failure to Act Competently – I will make sure that none of my time spent teaching this course will interfere or diminish my work at the City Attorney's office. Not only is the time commitment for this position minimal, I also have a co-teacher that can take over the class if my case work demands my time.

Rule 3-300: Avoiding Interests Adverse to Client – I am not entering into a business transaction with a client, or acquiring any ownership or other pecuniary interest, and therefore this rule is inapplicable.

OUTSIDE EMPLOYMENT APPROVAL FORM SUPPLEMENT

I have been volunteering my time to the Court as a temporary judge since 1994. The service is pro bono. I am qualified to sit in Traffic Arraignments, Traffic Trials, Limited Civil Matters, Unlawful Detainer Litigation, and Small Claims Trials.

I understand that because of my employment, I am conflicted out of any matter in which the City is a party. However, from time to time I conduct Traffic Trials in which an LAPD officer represents the people. Since I am a civil attorney, I do not believe that there is a conflict in these cases. This only occurs when I am sitting in the Metropolitan Courthouse.

I limit the time I sit to one or two sessions a month. Generally, I agree to assignments in the Pomona or West Covina Courthouses. In the past, I also sat in the Santa Anita, Huntington Park, Maywood, El Monte, Bellflower, Whittier, East Los Angeles, Metropolitan and Long Beach Courthouses.

The Temporary Judge Program sends monthly e-mails to temporary judges seeking volunteers for assignments. In the case of an emergency, they will call temporary judges a day before a needed assignment.

None of the litigants know where I work or for whom I work. This information is not disclosed. When I sit, I treat everyone appearing before me equally and with respect. There are others in the office who are also temporary judges and we exchange legal opinions and our experiences on the bench. I do not believe that anything that I have done or said as a temporary judge places the City or this office in a bad light. On the contrary, I believe that it is another means of serving the public.
